o. **Policy Motion:** EV Chargers (submitted by Planning & Land Use Management Committee)

The AQMD says plug-in cars are essential if clean air standards are to be realized. Plug-ins now make up 5% of new vehicle sales in California, and are increasingly popular in Mar Vista, but adoption is hindered by lack of easy home and workplace charging.

Several California cities have already adopted sensible building code changes to make adding electric vehicle chargers much less expensive.

For instance, the study in the City of Oakland's Council File 16-0359 says preparing for EV chargers ahead of time adds about \$140 per parking space, and makes later EV charger installation \$500 to \$5000 cheaper.

Therefore, the Mar Vista Community Council requests that the Los Angeles City Council follow the example of these cities, and pass sensible, cost-effective building code changes to require most new parking spaces in the city to be ready for future installation of EV chargers.

p. **Policy Motion:** Proliferation of Recreational Vehicles in Mar Vista (submitted by Homeless Issues Committee)

WHEREAS, It has been noted that there is an increase in long-term Recreational Vehicle proliferation throughout Mar Vista, on both major commercial thoroughfares and residential streets, and

WHEREAS, there is some confusion as to where updated LADOT maps allow for Recreational Vehicle parking, and what the roles and responsibilities for the LADOT and LAPD are to enforce laws related to Recreational Vehicle locations,

THEREFORE, the Mar Vista Community Council strongly encourages Council office 11 and Council office 5 and other LA city agencies to enforce LAMC Ordinance 85.02 and correct the map.

THEREFORE, the Mar Vista Community Council supports the work of Councilmember Mike Bonin to increase the amount of parking made available to vehicle dwellers with the Safe Park program in private parking lots including those of faith-based organizations. THEREFORE, the Mar Vista Community Council asks Councilmember Mike Bonin's office to explore expanding the Safe Park program to include city owned parking lots that are currently empty in the evening.
