Administrative Motion

TITLE: Neighborhood Clean Up Day

COMMITTEE: Transportation, Infrastructure, and Sustainability (T&I) Committee

PURPOSE: Outreach and Beautification

THE MOTION: The Mar Vista Neighborhood Council supports and agrees to host a community clean up on November 4th, 2023, where volunteers will clean the surrounding areas of Centinela and Venice.

BACKGROUND: One of MVCC's main goals is to bring our community together. An event based around cleaning up a section of the neighborhood would be great for community building and showing care for our public spaces. Importantly, such an event would not require funding from the Board, since trash bags and gloves are very cheap and can be donated.
