- \* In the past three years, the violent crime and property crime numbers have remained relatively the same each year (2021, 2022, 2023).
- \* The differences are in the changes in the types of crimes.

- \* Biggest Crime Trends in MVCC :
  - \* Burglary Crews in afternoon/early evening where multiple suspects smashed rear glass door, ransack residences, and target jewelry, cash, high-end purses and watches.
  - \* Homeless burglars overnight who break into garages and target mainly bicycles, electric bicycles, and then anything else available.
  - \* The catalytic converter BTFV trend began to subside halfway into 2023, which created less vehicles broken into.
- \* For the robberies, nearly all were Estes Robberies that occurred at various businesses from 7-11, CVS, Ross, small liquor stores.  
 An Estes robbery is when an employee catches a shoplifter, but the shoplifter brandished a weapon or struck the employee to avoid being caught.
