Old Business:

None

New Business:

1. Violator Alert Upgrade for MVCC Speed Trailer.

Should the NTM Committee recommend that a upgrade for the MVCC Speed Trailer be purchased that would shutoff the display of speeds if a vehicle exceeds the Speed Limit by an MVCC-selected amount to prevent the Speed Trailer from being used as a monitor for illegal street racing and speed trials?

2. LADOT ♦s NTM Plans Presentation to MVCC Board

LADOT ♦s NTM Section has announced that they will not be prepared to present their proposed NTM Plans for Rose-Beethoven, and/or for Inglewood, Grand View and Palms before December, 2009.

3. General Discussion of NTM Plans and Options to Secure.

General discussion of NTM Plans and options for securing fulfillment of published City, State and Federal policies related to neighborhood traffic should LADOT ♦s forthcoming proposed NTM Plans fail to fulfill those policies.

NTM Committee Meeting Adjournment (~8:00 PM)

Residential Neighborhood Protection Plan

Palms-Mar Vista-Del Rey Community Plan; Page III-20

GOAL 14 ◆◆◆ DISCOURAGE NON-RESIDENTIAL TRAFFIC FLOW ON RESIDENTIAL STREETS AND ENCOURAGE COMMUNITY INVOLVEMENT IN DETERMINING NEIGHBORHOOD TRAFFIC CONTROLS.

Objective 14-1 ◆◆ To initiate neighborhood based traffic and parking mitigation plans in each of the Community Plan ◆s neighborhoods.

Policies

14-1.1 ◆◆◆ The City should initiate a series of neighborhood outreach meetings to identify and discuss existing [1990] and anticipated ◆cut-through◆ traffic and spillover parking from adjacent commercial areas. Through these neighborhood/community meetings, strategies and programs would be developed for an effective [*emphasis added*] neighborhood protection plan. Availability of funding to pay for implementation of programs would also be discussed at these meetings.

Program: Implement neighborhood traffic control monitoring programs to accomplish the following:

- } Ensure that proper devices are installed:
- } Analyze their effectiveness;
- } Study the before and after effects of the control devices;
- } Ensure that undesirable impacts on established residential neighborhoods are minimal; and
- } Examine the need for additional controls.
