RATIONALE:

Written by Holly Tilson

Geographically Zone 6 is at least 2+ times larger than any other zones.

Population-wise Zone 6 is currently larger than any other zone and therefore under represented on the council.

The E&B committee in FY 2016-17 had discussed adding a zone, had stated the MVCC had previously talked about it for years but hadn't acted on it.

As Z6D for the past 3 years I can honestly state this Zone is too large and I personally feel it is under represented on the MVCC. I have helped residents on both sides of Venice Blvd and can state absolutely that another Zone director or two is needed for Zone 6.

Recommend adopting change by next election cycle.
