DIRECTOR: Wheeler

PURPOSE: Remove “unsalvageable” items from storage

BACKGROUND:

The MVCC is moving from a paid storage area to a non-paid storage area.

The City has a “salvage” procedure but it does not include items that have reached its end of life and/or function (e.g., wooden flat, broken ladder). Additionally, neither storage area has applicable trash facilities.

Therefore, a company will need to be hired to remove “unsalvageable” items. The price varies from \$200 to \$800.

This motion is necessary to ensure a timely move or the MVCC will be charged an additional \$525 for rent if not out in time.

THE MOTION:

The MVCC approves the expenditure not to exceed \$600 for the removal of unsalvageable items from the MVCC storage unit.
