Streets Los Angeles - Street and Transit Amenities Program

<https://streetsla.lacity.org/coordinated-street-furniture-program>

Updates on the Street and Transit Amenities Program (STAP) – “Street Furniture” is the term used for a wide range of sidewalk installations that provide for the safety, support and comfort of transit riders, pedestrians and other users of the sidewalk. The most common and recognizable of these are the bus bench and transit shelter. StreetsLA is expanding and improving the street furniture in the City, with a particular emphasis on supporting expanded use of transit, helping to fulfill the promises of LA’s Green New Deal.

1. A Request for Proposal (RFP) item was heard on Nov 24, 2020 by the Board of Public Works at 10:00 AM.
