**Q1**

Please provide your input/feedback regarding the Downtown Mar Vista Beautification Project.

Since the Safety Meeting last night showed that the City is in the Hole for \$600 Million, LAPD is stretched thin, before we start beautifying, we need crime and homeless under control. I suggest the \$250K they have earmarked for this project, be redirected to LAPD, or a sub of LAPD so we can get the crime under control. We should not be considering street lighting and lounge chairs so that we can further encourage the homeless to camp put more comfortably.

This is just more of the same financial irresponsibility.

Another Bonin boondoggle. Street furniture for the street people. What a waste of time and money, and all this effort during a pandemic and an exploding homeless population.
