Is the bicyclist...

- ...riding the same speed or faster than other traffic? **NO**
- ...passing a slow or stopped vehicle? **YES**
- ...preparing to turn left? **NO**
- ...in a lane that is too narrow to share? **YES**
- ...encountering unsafe conditions on the edge? **YES**
- ...approaching a driveway or intersection? **YES**

If the answer to ANY question is YES:
CVC 21202 does NOT require the bicyclist to ride far right

NOTES:
 Passing on the left is a basic rule of movement. It's illegal and unsafe to turn left from the right edge. Normal width lanes are too narrow to share. Unsafe conditions include (but are not limited to): Parked cars and the door zone, obstructions, pavement defects, broken glass, standing water, ice, poor sight lines. Right hooks are a threat anywhere right turns are authorized.

If the answer to ALL questions is NO:
The bicyclist must ride as far to the right as practicable.
