Dear Mar Vista Board,

Your Community Impact Statement has been successfully submitted by your Community Impact Statement filer to the City Council and Committees.

As a reminder, Pursuant to Los Angeles Administrative Code Section 22.819, a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution. If the Neighborhood Council would like to be heard on its CIS or resolution at a Commission meeting, the Neighborhood Council representative must provide the Commission with a copy of the CIS or Resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website.

If the CIS or Resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative will have an opportunity to present the Neighborhood Council's formal position. In the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. If the CIS or Resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council Representative may speak during General Public Comments.

If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at NCsupport@lacity.org.

Item Number:

Summary: Mar Vista Community Council supports CF 23-0914, which calls for recommendations for a citywide program to designate streets where RVs/oversize vehicles can safely park with access to services, including housing navigation, portable restrooms, automotive repair and septic tank disposal, and would also restrict RV parking in residential areas, commercial corridors and other sensitive areas if the citywide program is implemented.

Furthermore, the MVCC supports CF 23-0914 with the understanding that local input on future safe parking streets will be sought by local neighborhood council members.
