Community Impact Statement

TITLE: [CF 18-0244-S10 DASH Fare Collection](#)

COMMITTEE: Transportation, Infrastructure, and Sustainability (TI&S) Committee

POSITION: Oppose Implementation of Fares on DASH Buses

THE MOTION: The MVCC issues the following Community Impact Statement regarding CF 18-0244-S10. "The MVCC is opposed to the resumption of DASH fare collection."

BACKGROUND:

- The Council approved a motion asking LADOT to issue a report regarding the resumption of DASH fares. LADOT issued that [report](#) on 6/20/2025. Based on the report, the resumption of fare collection would be counterproductive.
- LADOT projects to collect \$2.5 million in DASH fare revenue annually. In comparison, LA METRO collected a total of \$134.8 million in fare revenue in FY24. DASH is a last mile transit service, meant to bring travelers from metro hubs to their final destination in high density areas like downtown. Operating as a free service currently, it encourages people to use METRO and other transit services for commuting, because even if a train does not include a stop right next to their workplace, a free DASH bus can take them there. Reinstating DASH fares changes the cost analysis for riders and may make it less appealing for them to use transit at all. It is even possible this would have a negative effect on overall revenues.

DIRECTED TO: LADOT

Katy Yaroslavsky and CD5

Traci Park and CD11
