Motion

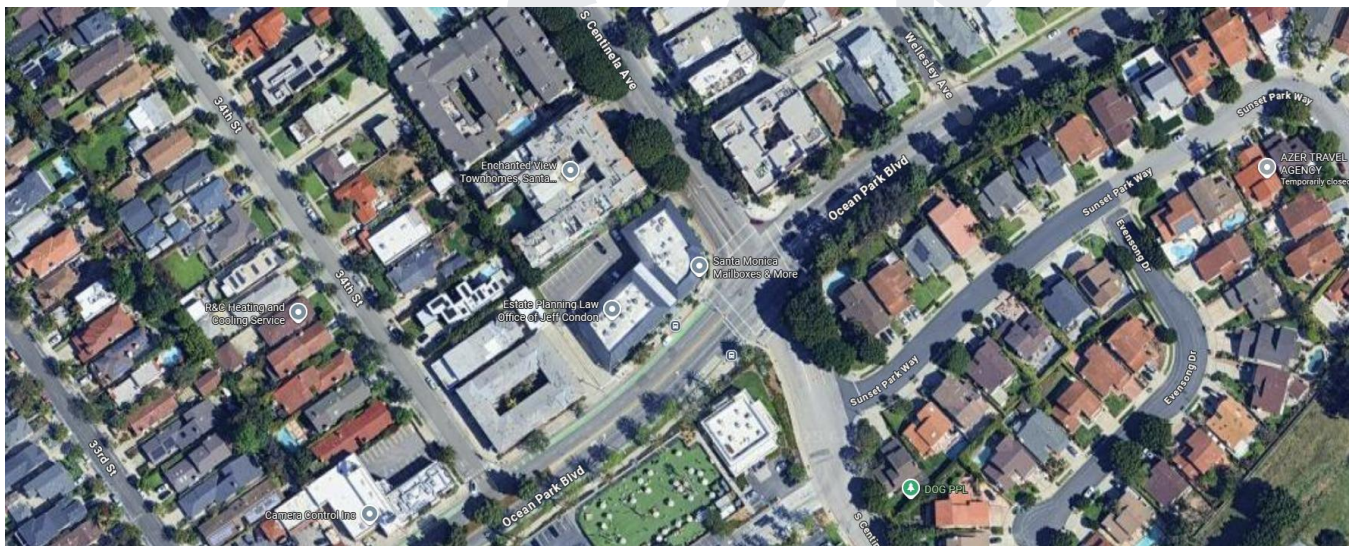

TITLE: Left-turn Signal Installation at the Intersection of Centinela Ave. and Ocean Park Blvd.

COMMITTEE: Transportation, Infrastructure, and Sustainability (TI&S) Committee

THE MOTION: The MVCC directs the following communication to LADOT and Councilwoman Traci Park: "The MVCC supports a traffic study regarding the installation of left turn signals at the intersection of Centinela Ave. and Ocean Park Blvd. going every direction. Currently they are only at the East-West left turn lanes, not the North-South. Many individuals are attempting to make unprotected left turns and illegal u-turns."

BACKGROUND:

- The intersection of Centinela Ave. and Ocean Park Blvd. gets quite busy during rush hour and is the cite of many car crashes. Many of these result from individuals attempting to make unprotected left turns. Installing left turn signals at this intersection would decrease the danger to drivers at this intersection.

DIRECTED TO: LADOT

Traci Park and CD11
