#### CRIME PREVENTION TIPS

What To Do To Prevent Your Home Burglarized:

- 1) Consider investing in hidden your valuables by searching on Youtube : "hidden shelf compartments" or "hidden furniture compartments" or "secret compartment furniture."
- 2) Invest in and use motion sensors on the side of the house and backyard.
- 3) With burglars occurring between 5:00pm and 9:00pm, take necessary means to make it look like you are home if you leave for a short period of time: put the TV on at extra loud volume, keep interior lights on, play music, close the shades so no one can peer inside.
