### CRIME TRENDS & CRIME PREVENTION TIPS

CATALYTIC CONVERTERS have been occurring, and even more this summer, and there is little to prevent it. The westside (Pacific Area and Santa Monica) has been the hardest hit in the city. Various Toyotas are being targeted, especially Prius and Corolla. **Consider getting a car cover so thieves will pass on going through the trouble of seeing if that is a feasible car to take the catalytic converter.**

### MAR VISTA RECREATIONAL PARK

There have been five aggravated assaults this summer since May involving homeless or juvenile suspects at Mar Vista Rec Park. Officers have been patrolling the area more frequently but proceed with caution of your surroundings.
