Motion

TITLE: Los Angeles Entrances to Santa Monica Airport Park

COMMITTEE: Transportation, Infrastructure, and Sustainability Committee

THE MOTION: The MVCC issues the following statement regarding the current plans for the future Santa Monica Airport Park, directed to Councilmember Tracy Park: **We do not support car entrances along National, Stewart, Hill, or Clover. We propose Santa Monica add more car entrances on the Santa Monica side of the proposed park. We suggest having pedestrian and bike entrances on National, Stewart, Hill, and Clover. Specifically, an additional car entrance to the park on 26th would be preferable. We are concerned that citizens of Santa Monica west of the property will be required to use Los Angeles streets to gain entrance to the property.**

BACKGROUND: Stakeholder raised issue that current plans for car entrances to the Santa Monica Airport Park are concentrated on the Los Angeles side and could lead to more traffic in the area.

DIRECTED TO: Tracy Park
