

MVCC website. Wheeler presented proposed updates to the MVCC website. Stated that the Web Corner is a very secure platform and this provides a strong imperative for staying with it. Stacy Shure, PLUM Co-Chair, thanked Wheeler for her efforts, both on the website and in assisting committee members in adapting to virtual, ZOOM meeting platforms. ExFin Committee concurred. Rubin asked if the By Laws changes could be incorporated into the new design and asked when these would take effect. Wheeler responded that, if all goes smoothly, it could be done before the end of the fiscal year. Krupkin mentioned that having the option for joint meetings should be retained, as committees are still using that option. Wheeler mentioned that the joint meeting functionality isn't currently working properly, and that is something that will be addressed.

Hanna mentioned that, when the proposed changes are complete, there will probably need to be a Special board meeting to review it all. Hruska mentioned that, in addition to all the work that's been done on updating the website, Wheeler is creating an algorithm for teaching current and future board members how to use the site, an institutional memory, which has hitherto, never existed.

Tilson mentioned that there needs to be a Funding motion for next Board Meeting in order to move the process along.

Hanna mentioned that the changes will bring the website closer to a modern and more professional website. The website is usually the first interaction with MVCC most community members have, and it is a welcome change.
