

**[MOTION][Community Plan]**-Discussion and possible action on the Dept of City Planning's Arts District designation of Venice Blvd. presented at the Department's June 2019 Workshop at Windward School.

The Motion:

The Mar Vista Community Council requests that the Department of City Planning either:

- a) present a definition for the community to review for the proposed Arts District unveiled at its June 2019 Workshop  
or
- b) remove the designation from future presentations

Additionally, should a definition for such a district be drafted, the MVCC requests that it should be presented to the community with sufficient time (60-90 days prior to the next anticipated DCP workshop in the Spring of 2020) for the community to provide feedback
