Community Plan Committee Report:

Committee is addressing the question of the 2 areas at the Santa Monica Airport which fall under the land use map for the Palms-Mar Vista-Del Rey Community Plan. These comprise the parcel on which the SM College Bundy Campus currently resides (owned by the SM College Board) and a triangular group of 13 parcels located along Bundy Dr. between Donald Douglas Loop and Airport Ave, owned by the City of Santa Monica and currently forming the East buffer zone for the airport runway.

Devoted the March meeting to extensive discussions on these parcels (which are designated "Opportunity Sites" in the current Draft Palms-Mar Vista Del Rey Community Plan) and will be Doing so at the April meeting as well.

Numerous issues are at play in these discussions, including the scope of Measure LC and how it applies to decisions on some of the parcels.

Additionally had presentation on Community Composting by stakeholder Zia Petersen and how it might be integrated into the Community Plan Update.
