- Received report from Hilltop Security liaison of Hilltop Neighbors, that an individual living in the area of Zones 3 and 4, who'd been under arrest and awaiting trial for a series of violent attacks in the community was released recently (possibly as a result of the policies enacted by the new LA County DA) to a halfway house where he is not mandated to remain. The Hilltop liaison is working with the individual's immediate neighbors to afford protection to them should he return. Also referred liaison to MVCC's PH&S committee
