

PLUM Report

Next Meeting scheduled for September 13, 2021

(our regularly scheduled meeting on September 7, 2021 is rescheduled to **September 13, 2021** to accommodate the Jewish holiday, Rosh Hashanah)

We've invited:

Bill Przulucki (prez-ecky) to speak on the Mello Act, which seeks to Preserve and expand affordable housing in coastal zones. It was passed at the state level but requires a local ordinance to implement.

Mary Hruska to represent the calculations her former Sub-committee (Community Plan) Put together on population/housing in regards to up-zoning. There are also 2 motions that passed that I've asked her to reexplain to the committee and stakeholders.
