Re: Council File 14-0078-S5 (utilizing recycled water from Hyperion Treatment Plant)

At its June, 2015 meeting, the Mar Vista Community Council unanimously passed the following policy motion:

The Mar Vista Community Council supports the motion presented by Councilmembers Mike Bonin and Paul Koretz (Attachment A: Council File 14-00078-S5) directing the Department of Sanitation report on possibilities to utilize recycled water from Hyperion Treatment Plant as a local and regional resource.

The Donald C. Tillman Water Reclamation Plant in the San Fernando Valley furnishes reclaimed water to many users. The Hyperion Plant treats the water to a high standard and then pumps it into Santa Monica Bay. In this time of long-term drought, when some are talking about desalinization, this is inexplicable.

Thank you for your consideration,

Bill Koontz, Chair
Mar Vista Community Council
